

1. Introduce the team/ Pitch

Visual	Audio
<p>Aboubacar speaking to camera</p> <p>Visual of teammates displayed on screen</p>	<p><i>Introduce teammates.</i></p> <p>“Janhi is a backend developer; she’s been working primarily on the backend and the database for the project.”</p> <p>“Thien is a backend developer; he’s been working alongside Janhi on the database.”</p> <p>“Steven Tran is a front-end developer; he’s been working primarily on the html structure of the webpages.”</p> <p>“Aboubacar is a front-end developer; he’s been working on the stylization of the webpages.”</p>
<p>Janhi speaking to the camera</p> <p>Image next to the speaker: Chart shows the statistics of unemployed/ job seekers in this market => showcase the challenge</p>	<p><i>Deliver pitch.</i></p> <p>“Some challenges job seekers face in getting referrals are.... With that in mind, we developed a website to make the job search easier for students. Our website benefits job seekers and professionals by... Some key features implemented in our website are...”</p>

2. MVP (Minimum Viable Product)

Visual	Audio
<p>Aboubacar speaking to the camera</p> <p>Video next to the speaker: Demo of the login system</p>	<p>“As with most websites, users will be able to log into their accounts and view their home page. The database uses bcrypt to securely hash passwords.”</p>
<p>Thien speaking to the camera</p>	<p>“Users are able to edit and upload their resume on their homepage.”</p>
<p>Janhi speaking to the camera</p> <p>Video next to the speaker: Demo of the search bar</p>	<p>“The search bar allows students to search for mentors, companies, or open positions by entering keywords. Additionally, we have a filter feature to help narrow down the results...”</p>
<p>Steven</p>	<p>“The search bar has additional features, such as saving your search history, auto completion...”</p>

3. Discuss our progress

Visual	Audio
Janhi speaking to the camera Image next to the speaker: Burn down chart	“Looking at the burndown chart, we can see that during the first week of the project...”
Aboubacar Baradji speaking to the camera Image next to the speaker: Kanban board	“Taking a look at the current state of our Kanban board...”

4. Major takeaways

Visual	Audio
Janhi speaking to the camera Image next to the speaker: An image gathering all the tools I have learnt throughout the process	“Throughout these 10 weeks of the projects, I learned how to use technology tools to build a website...”
Aboubacar speaking to the camera Image next to the speaker: An image of all of us together	“As for me, I learned how important effective collaboration is in ensuring team success...”
Thien	“I learned how both front-end and back-end work are connected. For example...”
Steven	“I learned how to break down a daunting, complex task into manageable steps.

5. Plan for CI103

Visual	Audio
Janhi speaking to the camera Image next to speaker: plan to complete the project in CI103	“In the next 10 weeks, I’m planning to work on the front end to improve my technical skills on the front end ...”
Aboubacar speaking to the camera	“As for me, I plan to improve my backend skills by studying the backend code so I can add a connection feature, where users can connect

	with other people and grow their networks.”
Steven Tran	“I also want to get better at the backend so I can implement more functions with the search bar.”
Thien Hoang	“Lastly, I plan to implement a performance dashboard so users can obtain critical data, such as the number of clicks a user’s profile generates...”

6. Thank you and question/ feedback.

Visual	Audio
<p>Janhi speaking to the camera</p> <p>Image next to the speaker: Thank you background</p>	<p>“Thank you so much for spending time listening to our presentation. If you have any questions, please feel free to contact us.”</p>
