

Aboubacar Baradji

(267) 844-8393 | ab4943@drexel.edu | github.com/atlasastronomer/

Education

Drexel University
Bachelor of Science in Computer Science
Cumulative GPA: 3.96/4.0

Philadelphia, PA
Anticipated Graduation Date: June 2028

Skills

Programming Languages: Python, C#, HTML/CSS/JavaScript
Tools: Git, macOS, Unity, JetBrains IDEs, node.js, npm, Postman, MongoDB

Project Experience

Weave | Web Application March 2024 - Present
Sole Developer

- Developing a full stack web application designed for users to upload images and maintain an art gallery, create blog posts, and host link pages
- Refining and adapting code structure of website to ensure quality in design and friendly user experience through React.Js
- Continue to learn and refine skills in HTML/CSS/Javascript and React.Js

The Eldritch Painting | Video Game January 2024 - Present
Solo Developer

- Developing an in-progress video game using Unity game engine and Github version control
- Scripting core gameplay mechanics for a 2D pixel platformer in Unity through object oriented programming and finite state automata, including player movement, enemy behavior, and item collection
- Creating and integrating custom art, animations, and narrative content

Referral Website | Web Application January 2024 - Present
Fullstack developer

- Co-leading four teammates in designing a website application for students to display their resume, network through connections, and secure referrals
- Directing visual branding and user interface design of website application through React.Js
- Presenting our mission to help students land opportunities through stakeholders

Extracurricular Experience

Drexel Undergraduate Student Government Association November 2024 - Present
Freshman Senator

- Collaborate with administration to enhance academic environment and shape a vigorous academic experience for undergraduate students
- Promote quality of life in neighboring communities of Drexel through civic engagement while fostering robust relationships with local residents
- Serve as the liaison between administration and student voice, launching initiatives to create an environment that unites all members of the Drexel community

Activities

Drexel Muslim Student Association • Drexel Society of Artificial Intelligence • Drexel American Institute of Aeronautics and Astronautics
